<sup>†</sup>Scantron testing is recommended to determine if a student has made a year's worth of progress and helps parents identify areas that need review and areas of strength.

<sup>††</sup>Smarter Balance is California's yearly state test. Here the school is measured by how the students do. It is an opportunity for children to learn test-taking skills in a low-pressure environment. Participation in the state test helps ensure academic funding. All assessments are given in person by your Elite Educator or members of Elite's homeschool team
