*Catch yourself some Gold Fever and be a Forty-Niner! There's gold in them thar hills!*

*Gold was discovered in California in 1848. Imagine traveling a thousand miles just for a chance to find your fortune. After you arrive, you will be greeted by local miners bearing the news of the mother lode. Head straight on up to the long tom sluice, the mine and the gold ponds! Get supplies on credit and start digging and panning!*

*Throughout the day you'll learn about 49er life, how gold was found. You might even learn the hard way about supply and demand. How could someone be charged \$100 for a glass of water, and \$1,500 for rent? Find out how millionaires made their money as you watch the price of gold! Buy low, sell high! Make sure you visit the Assayer to sell your gold for as much as you can!*

*You'll get a break for lunch at high noon, during which you are served a light miner's meal of lemonade, cornbread, cheese, an apple and dried beef. If that's not enough to fill your belly, make sure to bring a lunch or stop in at the General Store/Bakery for food items.*

*At the end of the day, everyone will count up their currency and participate in an auction where fortune-seekers bid on prizes for their hard work.*
