7. All students will be expected to help create a school culture of respect, empathy, and support in which students feel comfortable seeking help for themselves or friends. Students are encouraged to tell any staff member if they or a friend are feeling suicidal or in need of help.

8. Students should also know that because of the life or death nature of these matters, confidentiality or privacy concerns are secondary to seeking help for students in crisis.

9. For a more detailed review of the school policy, please see our full suicide prevention policy. This policy has been developed and adapted from the “Model School District Policy on Suicide Prevention,” which is a resource that outlines comprehensive model policies and best practices for schools to follow to protect the health and safety of all students. This resource was developed by examining strong local policies, ensuring that they are in line with the latest research in the field of suicide prevention, and identifying best practices for a national framework.
