Student of the month

Leum Oehlhof, Virtual Academy

Congratulations to Leum Oehlhof, a 10th Grade Student in the Virtual Academy, for being our Student Highlight of the Month! He was nominated by our Virtual Academy Director, Allison Watters , and his teacher, Ms. Hutchins.

"Leum absolutely embodies what it means to be Elite! His grades are all excellent, he meets with me weekly, with his camera on, fully engaged. He is also involved in motocross racing and is excellent with his time management to get his school work done, while being successful in Motocross. Leum is responsible and courteous and I am so lucky that he is my student!"

Leum's favorite school subject is Geometry, and he appreciates Ms. Hutchins for having good weekly check-ins and supporting his academic and athletic goals.

"Elite gives me the resources to complete my high school diploma while allowing me to chase my dreams on the road, no matter where I am... my goals for racing motocross is to be the best I can and always push the limits!"
