Who We Are

Elite Academic Academy is a tuition-free K-12 public charter school serving students in Imperial, Inyo, Kern, Los Angeles, Orange, Riverside, San Bernardino, and San Diego counties. Our WASC-accredited and NCAA-compliant programs provide flexibility and choice to families while maintaining high levels of academic and social-emotional support.

Our Mountain Empire charter has been awarded the California Distinguished School designation for the 2023 calendar year.

What is Level Up?

Our Level Up Learning Period is a six-week program specially designed to provide high school students with the resources, opportunities, and support they need to enter the next school year ready to soar. Level Up runs on our year-round calendar from July 1st to August 5th. These dates allow students in any setting to join our program to recover credits, advance in high school, or optimize their athletic performance.

We offer three designated programs tailored to the divergent needs of Southern California high school students. Courses are provided through our online learning platform and are both A-G and NCAA-approved to ensure students are prepared for the next stages of their academic journey.

Course Highlights

- Choose your own adventure with our specialized English 9 pathways allowing for student choice and voice. Wizard's Quest, Around the World in 36 Days, and Slam Dunks & Aces - which will you choose?
- Learn to play the ukulele and write music with professional musician Derik Nelson!
- Prepare to explore the outdoors and get CPR-certified!
- Learn all about the field of esports and how to bring your passion for gaming to the next level.
- And so much more!

English 9A + 9B

CTE Introduction to Creative Songwriting A

CTE Adventure Essentials A

CTE Intro to Esports S1

Which Program is Right for You?

Credit Recovery

allows students to enroll in ten credits of coursework they did not successfully complete during the traditional school year

Acceleration

the perfect space for students to get ahead of schedule, take intensive courses, and extend their learning into the summer

Peak Performance

a cutting-edge athletic program that focuses on the connection between mind, body, and top athletic performance

FAQs

- **How many classes will a student take?** Students will take two six-week long courses starting July 1st.
- **Are you a summer school?** No, we are a year-round school and offer the same level of rigor as a traditional high school all 12 months of the calendar year.
- **What types of support will I receive?** All students are paired with an Elite Academic Academy Teacher of Record (TOR) who provides ongoing individualized support as students complete their courses. You will also have access to weekly virtual live sessions with your content teachers and learning labs for additional support.
- **I did not do well virtually during COVID. What can I expect at Elite Academic Academy?** Elite has spent years refining the art of remote learning and providing a personalized approach to education. You will log into your classes daily Monday-Saturday to complete work and meet with teachers virtually who will support you through your academic journey.
- **Can a student be enrolled at two schools at once?** No. If you are attending summer school at your comprehensive high school on the same dates as our Level Up Learning Period, you are not eligible to also enroll in and attend Elite Academic Academy.
- **What if my student is a special education student who has an IEP?** Elite Academic Academy is a public school and MUST follow IDEA law. Students with IEPs who enroll MUST participate in a 30-day transition IEP and ensure FAPE is received while with us. We will work with you and your home district to ensure a seamless transition if you choose to only stay with EAA for our Level Up learning period.
- **Do I have to stay with Elite all year?** No, how long a student enrolls is a parent's choice. We are an option for students struggling in a traditional academic setting.
- **How do I request my transcripts from Elite's Level Up program?** Parents/ students can request an official transcript through our website. Transcripts will be mailed directly to the home or to the next school the student will be attending per parent request.
