

## ELITE HONORED AS A 2023 CALIFORNIA DISTINGUISHED SCHOOL

Elite Academic Academy-Mountain Empire has earned the honor of becoming a California Distinguished School.

This honor is a prestigious two-year honor given to the state's top-performing schools using performance indicators specified on the California School Dashboard. This is only possible due to the innovative and collaborative efforts of our fantastic teaching staff, students, parents, classified staff, community partners, and the administrative team!

## FEBRUARY IS CTE MONTH

Every February, the Career Technical Education community celebrates CTE Month to raise awareness of CTE's role in readying learners for college and career success.

At Elite Academic Academy, we have a number of career pathways such as Recreation, Marketing, Education, and Entrepreneurship. This month, the CTE Department will be hosting a Roundtable Webinar, with several professionals from various workforce sectors.

Visit ParentSquare for more information on the upcoming webinar. Everyone is welcome to join!

## BE A PART OF THE EAGLES STUDENT LEADERSHIP!

Open to students in grades 7-12. **Students will learn valuable leadership skills and take an active role in the Elite Eagle community.** Students will be expected to meet weekly on Fridays from 11:30 am-12:30 pm and participate in promoting a positive school climate, supporting academics, athletics, arts, and activities programs at EAA, and enhancing their community and school through service projects. This Student Leadership 1 class is an elective course and high school students can earn up to 5 credits.

Students will be involved in the planning of Prom, Graduation, Awards Assemblies, Community Service Projects, and more! **Scan the QR Code below to get the application form!**

# MAKING VIRTUAL MATH FUN

Our innovative teachers love to make learning engaging and fun for our students. Check out Mr. Bunn's math review! Students enjoyed testing their math skills.

Students competed in a game via Booklet for the top place to earn extra credit. There were about 20 review questions for students to answer, and the math questions were based on their upcoming exam, "The purpose of the game was to serve as a study guide for students," said Mr. Bunn. "This is a fun way for students to get involved with math. They can study for their exam while having some fun at the same time." Way to #BeElite, Eagles!

## IN PERSON EVENTS FOR MARCH

- ✓ **School of Rock**  
3/17- 10am

- ✓ **Mission Bay Aquatic Center Water Day**  
3/30-12pm

## ELITE ANNOUNCES FIRST CTE INTERNSHIP

Elite is excited to announce our first CTE internship opportunity with JayZoMon Dark Myth Company LLC. JayZoMon is a podcast network and book publisher based in Southern California. They will be offering an internship opportunity to a marketing student, who will put into practice their knowledge of design, public relations, and more!

Our Career Technical Education department is focused on equipping our students with the skills they need to move forward in their chosen career pathways. From the Adventure Academy, Education Academy, Marketing Academy, and more, students learn the necessary skills for college and career. Elite has a number of pathways students can choose from.

With an internship, students gain real world experience and utilize their skills and knowledge they acquire in their classes to use. Internships provide students the opportunity to learn directly from industry professionals, as well as to be considered for possible employment opportunities.

For internship interest, please contact [akirkland@eliteacademic.com](mailto:akirkland@eliteacademic.com).
