1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

EAA is actively building a learning environment where every student has the opportunity to explore their creativity and artistic talents, where music and visual arts become an integral part of their educational journey. Utilization of Funds: The 24/25 use of funds from Proposition 28 were dedicated to the wages and benefits of newly hired Certificated Personnel to provide vital support for student learning in the music and visual arts programs at Elite Academic Academy. These professionals play a crucial role in developing a comprehensive high school music and choir program as well as enhancing the Visual Arts program. Future Plans for AMS: Looking ahead, the intention of the Arts and Music in Schools initiative at Elite Academic Academy is to expand these offerings into a comprehensive Visual Arts program spanning K-12, alongside the establishment of a Music and Theatre Arts program for students across all grade levels. This holistic approach aims to foster a lifelong appreciation for the arts and provide students with a rich and diverse artistic education. Allocation of Resources: The funds were utilized not only for hiring certificated personnel but also for acquiring state-of-the-art equipment for student use. By investing in qualified professionals and providing access to high-quality resources, Elite Academic Academy is committed to ensuring that students receive a well-rounded arts education that nurtures their talents and creative expression. As we move forward, Proposition 28 will continue to prioritize the enhancement of arts and music education, enriching the educational experience of students at Elite Academic Academy. Together, we are laying the foundation for a vibrant and flourishing arts community within our school, empowering students to explore, create, and excel in the world of visual arts, music, and theatre.
