ELITE ACADEMIC ACADEMY

AUGUST 2025
LEVEL UP YEAR ROUND TRACK

ANOTHER SUCCESSFUL LEVEL UP LEARNING PERIOD!

Throughout our Level Up learning period, Elite Academic Academy has provided opportunities for connection and growth to participating K-12 students!

Summer Growth brought together **140 students**, achieving **98% attendance** and seeing **90% meeting or exceeding their IXL Math goals**—some mastering 8 new skills in just five weeks and proving that math can be exciting, engaging, and rewarding!

Throughout the month of July, SOAR created opportunities for discovery, creativity, and leadership for **139 students** who participated in **14 dynamic programs**, turning ideas into impact, stretching their wings, and SOARing higher than ever.

Supporting more than **600 students**, Level Up Virtual Academy saw a **97% pass rate** across all core and CTE courses, including student athletes participating through our DUSD partnership!

We had over **1,700 Peak Performance students** with a **95% pass rate**, each earning 10 A-G approved elective credits!

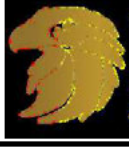

THANK YOU, MR. MAGANI!

Mr. Magani leads our Elite Eagle Enclave throughout the traditional school year, and as part of our Level Up learning period, he specialized in DUSD Credit Recovery, supporting athletes in aquatics, track & field, soccer, and more to ensure they found success in their coursework.

Mr. Magani not only guides families through independent study with unparalleled communication and dedication, he is also a remarkable team player who approaches all tasks with positivity and professionalism!

PEAK PERFORMANCE

When asked how sports has impacted his life, Joseph T. said: **"Playing sports has taught me discipline, how to push through pain, and how to stay mentally tough even when things get hard. It's helped me grow in confidence and taught me how to work hard not just in sports, but in life. Every match is a test of character, and the lessons I've learned have shaped who I am today."**

ATHLETIC SCHOLARSHIPS RECIPIENTS

This year, three of our community partners--Access Athle-Demics, Ambassadors of Compassion, and Zybek Sports--awarded athletic scholarships to current senior scholar athletes towards college / trade school applications, textbooks, and tuition to help them as they prepare for new beginnings! It is our honor to congratulate these **five persevering, high-achieving student athletes** on their awards:

- Ariana O.
- Kenneth O.
- Roselyn P.
- Joseph T.
- Kody V.

TEAM SHOUTOUT

Mr. Ramos-Alvarez and his students have been taking advantage of the extended learning opportunities offered through Peak Performance this learning period! They are **closely tracking Whoop data, jumping into team sessions with Coach McCormick** for personal development, and **growing together through our RISE curriculum.**

CULMINATING EVENTS

On July 25th, student athletes from across Southern California joined us for our **Dignity Health Sports Park Stadium Event**, where they heard from **local collegiate athletes, former NFL player Josh Shaw, and adventure photographer Christopher Balladarez.** They tested their **40 yard dash, pro agility and broad jump** stats, and saw the home of the **2028 Olympic indoor cycling team--The Velodrome--up close and personal!**

It was a fantastic day filled with positivity, inspiration, and motivation for our Peak Performance athletes and their coaches!

During the last week of our Level Up learning period, our cheerleaders enjoyed **Elite Spirit Cheer's Overnight Cheer Clinic**, learning the **advanced cheers, choreography, and stunts for the upcoming season!** They competed for the **Spirit Stick**, aimed for gold in the **Lip Sync Competition**, and put their leadership skills into practice. Students had the most marvelous time celebrating their achievements and gearing up for another successful cheer season!

CREDIT RECOVERY/ ACCELERATION

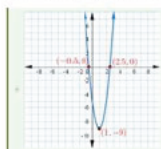

"Being at Elite has been **such an enjoyable experience** for me, I feel like you get **so much support** from all your teachers compared to traditional school. It also being an online school has made it so much easier to fit into my schedule, while still allowing me to get the most out of it!" -Abel M.

GRAPHING PARABOLAS

Question 2

Factor the expression $4x^2 - 8x - 5$ and find the coordinates of the zeros and the vertex in order to graph the parabola represented by the equation $y = 4x^2 - 8x - 5$. Which figure shows the zeros, vertex, and parabola graphed correctly?

Algebra students are learning how to **factor quadratic expressions** and use that information to **graph parabolas**. In a recent problem, they were asked to find the zeros and vertex of a quadratic equation and choose the graph that correctly represents all parts.

Students are building **strong skills in connecting equations to their visual graphs** — a key step in mastering algebra!

CTE INTRO TO PODCASTING

In CTE Intro to Podcasting, students are creating custom podcast covers to represent their shows on platforms like Spotify and Apple Podcasts. **Using Canva and key design principles, they're learning to balance branding, imagery, and readability in a 3000 x 3000 pixel format.**

This assignment helps students **develop real-world media skills** while exploring how strong visual design attracts and connects with listeners.

GREAT WORK, MR. BEGIJANMASIHI

We are so excited to **honor Mr. Begijanmasihi!** Mr.B joined us this Level Up Learning period as a Teacher on Special Assignment for the first time at Elite, and he made a tremendous impact right away.

His responsibilities included **assisting and hosting study hall sessions, working one-on-one with new temporary teachers, reviewing student data, and ensuring students stayed engaged.** He went above and beyond to support others **while also managing his own roster** with care and dedication.

Great work, Jay — we are so grateful for your support!

ELITE SOAR

SOAR

From mural-making to market strategies, from writing stories to composing music, SOAR students stretched their wings and soared higher than ever.

SOAR STUDENTS TAKE ACTION WITH THE SDGs

Ms. Logan Empowers Students to Take Action with the SDGs

As a follow-up to their urbanization infographic project, students explored the UN Sustainable Development Goals through personal reflections:

- **Jasmine (SDG #2 – Zero Hunger):** Proposed budgeting classes to help families afford healthy meals.
- **Sophia (SDG #3 – Good Health & Well-Being):** Advocated for healthy living, maternal care, and drug prevention based on lived experience.
- **Aurora (SDG #5 – Gender Equality):** Envisioned businesses with equal pay and hiring based on skill, not gender.

Our students are turning global goals into local impact one idea at a time.

CTE STEAM CONNECT: CREATIVITY TAKES THE LEAD

In CTE STEAM Connect, students explored branding, logo design, and campaign strategy—learning how to turn creative ideas into real-world marketing success.

One standout moment: a student-designed logo was featured on Elite's Instagram, showcasing sharp branding and proving our students aren't just learning they're launching.

“Every dollar should have a job,” one student shared after breaking down their campaign strategy, clearly connecting business skills with STEAM innovation.

ELITE EAGLE SPIRIT TAKES FLIGHT: STUDENT-LED MURAL PROJECT

Students have launched an exciting new initiative, collaborating to design the **Elite Eagle Spirit Mural**! Their mission is to **unite student artists from across our academies in a powerful visual celebration of pride, growth, and community.**

This student-led project not only **showcases artistic talent**, but also **reflects our shared values and school spirit**. The mural will make its debut at our Staff PD in August and Back-to-School Park Day, where families and students can enjoy photo opportunities and contribute to this growing work of art.

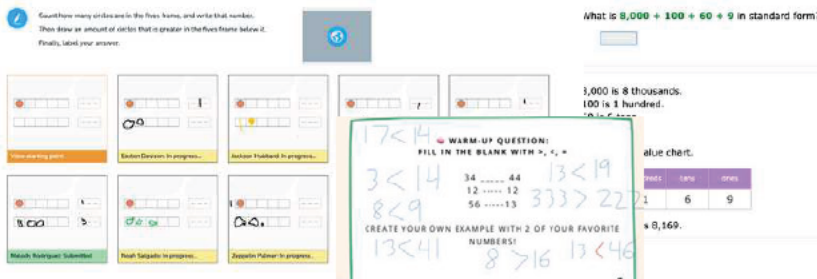

We'd love for you to join us and be part of this uplifting moment as we celebrate the heart and creativity of our Elite community.

SUMMER GROWTH ACADEMY

Enrollment: 140 STUDENTS
From Math Magic to Storytelling: Our Summer Growth Success

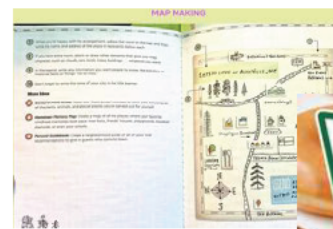

CELEBRATING IMPACT: SUMMER GROWTH SURVEY SUCCESS

We were proud to receive enthusiastic feedback from our Summer Growth survey—proof that our intentional design made a difference. Students shared their favorite moments: “learning new math and writing skills,” “making new friends,” and “getting cool boxes of learning supplies.”

The results spoke volumes:

- 78 students reported feeling more confident in their math skills
- 38 more said they're on their way there

This kind of growth is exactly what we aimed for. Feedback from students and families continue to shape Summer Growth into a program that is not only academically impactful but also personalized. Their voices influence how we approach learning all year long—and their partnership absolutely fuels our shared success.

EMPOWERED LEARNING THROUGH STUDENT CHOICE

Students demonstrated just how powerful ownership in learning can be. On Wednesdays, they selected their own ELA-focused sessions—and the results were remarkable, with 100% attendance and even better engagement.

By choosing sessions that aligned with their interests, students have shown increased creativity, focus, and joy in learning. In Stitches and Stories, one student shared, “I never knew writing could be so fun!” In Minecraft Stories, another exclaimed, “We get to write our own short stories as if we are living in a real Minecraft world.”

Even reluctant writers found a new perspective. One student said during Myth Makers, “Writing is my least favorite subject, BUT this has made it so much fun!”

When students are given choice, they thrive—becoming more engaged, confident, and invested in their academic journey. We're proud to celebrate this progress as we continue building a culture of empowered learning.

SUMMER GROWTH SPOTLIGHT HIGHLIGHTS

SWEET SUPPORTER OF SUMMER GROWTH

Our Summer Growth program was packed with creativity, connection, and math fun! Students tackled hands-on activities, solved new problems, and explored tools like number charts, number lines, interactive Nearpod lessons, and engaging math games.

With **98% attendance** and **90% meeting or exceeding IXL Math goals**, their dedication was outstanding. Many answered **over 400 IXL questions** and **mastered 8 new skills** in just five weeks—building both confidence and readiness for the year ahead.

To celebrate, every student who completed the program will receive a **certificate of achievement** and **Krispy Kreme dozen donuts certificate**—a well-earned (and sweet) reward! We are so proud of their hard work and can't wait to see them shine this school year!

Standards-Based Assessment To Drive Learning

Assessment data shouldn't just be collected—it should be used to make a lasting, meaningful impact for students. Mastery Connect is designed for standards-based teaching and learning, delivering real-time insights into student mastery levels in an intuitive, visual way. Teachers are more empowered to make informed instructional decisions, collaborate in teams, and address each student's academic needs early and often. With district-level curriculum planning, reporting, and benchmark assessments, Mastery Connect is your complete assessment solution.

Assessment data you can use in the moment

- Designed to drive student outcomes
- Built on standards
- Complete, flexible assessment
- Powerful collaboration tools
- Integrated with Canvas LMS
- Ready for prebuilt assessment content

Assessment as Flexible as You Are

Learning is an active process that takes a variety of paths; assessment tools should be just as flexible.

Choose from rubric grading, paper bubble sheets, performance-based evidence of learning, or observational scoring. Available on any device, assessments can also be administered online using teacher-created content or standards-aligned item banks and prebuilts, like the Mastery Item Bank and Mastery View Assessments.

Curriculum and Assessments, Mapped

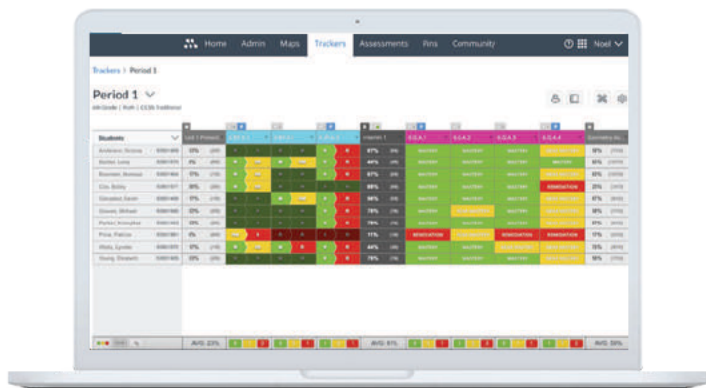

Planning tools streamline curriculum development with guaranteed and reliable curriculum and assessment resources.

Educators can easily access national, state, or custom standards, then organize the standards into units of study and attach assessments and content. The maps can be shared with selected users or automatically distributed throughout the district, ensuring proper scope and sequence and providing a foundation to build upon year after year.

Build a Positive Assessment Culture

Foster trust and collaboration in teacher teams and across the district with tools that drive the sharing of best practices and build collective efficacy.

Mastery Connect reporting ensures that educators feel comfortable using standard-based reports to have conversations about learning with students, families, and colleagues. Having common data immediately available fuels more meaningful collaboration and self-evaluation.

Meet the Mastery Tracker

Teachers build Mastery Trackers from any set of preloaded academic standards. When assessments are completed, results are immediately populated in the Tracker with an intuitive spotlight approach. Teachers can then clearly see which students are in need of intervention and which standards need reteaching. After a district benchmark is delivered in Mastery Connect, the resulting data is shown alongside formative data, ensuring all assessment results are used to drive student growth.

Reporting for Every Role at Every Level

Use integrated reporting features to track progress of standards for an individual student, a school, or across the district. Drill down into performance on classroom formatives or into district benchmark results, with the ability to disaggregate by a variety of demographic filters.

Integrated with Canvas LMS

Get a streamlined experience with single sign-on and automatic data passback. Launch Mastery Connect assessments directly from Canvas LMS, create Trackers from a Canvas Course, and more.

Curriculum Associates®

Information on Professional Learning Sessions and COVID-19

Protecting the health and safety of the educators we serve and their students, as well as the health and safety of our employees, is of paramount importance to Curriculum Associates. While it is our preference to deliver PL sessions in person, circumstances related to COVID-19 may require us to provide sessions virtually instead. Curriculum Associates' policy is to only provide PL sessions in person where one of our employees can reach the session site by car and where adequate safety measures are in place to protect the health of our session leaders and participants. Curriculum Associates reserves the right to switch any session from in-person to virtual if we cannot reach a session site by car, if adequate safety measures cannot be put in place, or if Curriculum Associates determines that it would otherwise put its employees at risk to provide an in-person session.

If your school or district will not permit visitors at the time of a scheduled session, Curriculum Associates would be happy to provide an equivalent live, virtual session via videoconference. Similarly, Curriculum Associates will comply with your school or district's health and safety requirements regarding on-site visitors if we are given adequate advance notice. Our PL Operations team will work with school or district personnel to hold sessions in a manner that protects the safety of educators and your school community as well as Curriculum Associates employees.

We are pleased to be able to serve you in these challenging times and look forward to providing productive learning sessions to your staff. Any questions regarding scheduling in-person or virtual training sessions should be directed to pdoperations@cainc.com.
