ERP EDUCATIONAL RESULTS PARTNERSHIP

HONOR ROLL 2025

The ERP Honor Roll Program recognizes schools and districts that consistently demonstrate high levels of student achievement and reduction in achievement gaps. The program allows educators, school leaders, and policymakers to identify successful peers and learn from effective practices and strategies.

Elite Academic Academy has been named to the **Educational Results Partnership (ERP) 2025 Honor Roll** list of California's top-performing schools! This prestigious recognition honors schools that are closing achievement gaps and accelerating student success, particularly among historically underserved student populations. **Out of all schools across California, only about 21% earned this distinction.** This achievement reflects the dedication, innovation, and unwavering belief of our educators and staff in every student's potential. The Honor Roll celebrates schools where students are mastering the foundational skills employers value most reading, writing, and math.

A CULTURE OF READERS

We believe reading foundations and confidence is the key to unlocking a **love of learning**. Our K-12 students completed the BOY **i-Ready Assessment**, and K-2 students completed a new Reading Screener this year called **Multitudes** to align with the annual CA Reading Screener Requirement.

CAASPP Reading Proficiency Estimates:
 Based on current Reading Data from i-Ready, **65% of Homeschool Students are expected to MEET or EXCEED the standard in ELA (+2% from last year)**

Reading Screener (K-2).
 We are proud to report that only 3% of students showed a discrepancy between BOY Reading Assessments and the Reading Screener, meaning we are on our way to knowing our students well and providing impactful supports!

Now what???
 Homeschool Lead Teacher [redacted] Madero is spearheading a new initiative to implement intentional reading support classes in the Spring Semester for Homeschool Students as part of their Intervention Menu!

MINDFUL MONDAYS

One of our Eagle Explorer classes, Mindful Mondays, meets every Monday and brings such positivity and connection to the TK-3 students that join in each week. This class is lead by our Elite Educators, Amanda and Clatrina. Each week they engage in a read-aloud that introduces a different emotion, followed by engaging mindfulness activities to help them explore and understand their feelings, and always with a bit of yoga to get the body moving! They are truly teaching these students skills and practices that they can carry into their days.

This week, Rudy drew a picture of himself playing with his cousin because it helps him to feel better when having a bad day. We did this after reading Kevin the Unicorn. Last week, Nalani made a positive affirmations poster after reading Little Spot of Love.

STAFF HIGHLIGHT: SHANNON

[redacted] was a Homeschool Teacher of Record and Math Tutor at Elite, and then transitioned the past two years to the Virtual Academy teaching Middle School Math as a Content Teacher and creating amazing Math Instruction Videos.

Now, [redacted] returns as a Homeschool Teacher and we couldn't be more thrilled! We are so thankful for [redacted] positive energy and spirit, dance skills, math expertise, heart, and dedication to serving students and families in the homeschool setting.

Thank you Cooper M. for representing Homeschool with these updates!

FLEX ACADEMY

FLEX: RED RIBBON WEEK GOOSE CHASE

Flex Academy proudly participated in Red Ribbon Week by challenging our students to take a stand against drugs and make healthy choices. Students showed their commitment by submitting creative photos that represented their pledge to stay drug-free. Our teachers joined in the fun and support by dressing up in bright neon colors and sporting their favorite jerseys throughout the week. Together, our Flex community united to promote awareness, positivity, and a strong message of living drug-free!

UNLEASHING THE ART OF PERSUASION

Some of our 8th-grade students were challenged to present a debate to the Flex leadership team—and they jumped right in! In preparation, students eagerly met with their teams to craft their arguments, using tools like Google Chat to collaborate and connect. Remarkably, this was all done independently, with no prompting needed.

A special shout-out to ██████ Radford for creating a safe and supportive space where students feel confident collaborating on their own time. We can't wait to see these debates come to life!

TEACHER SPOTLIGHT: ██████ MIEUX

██████ consistently goes above and beyond for both our students and staff. She's been a true first line of support—partnering with teachers to create personalized plans and thoughtful tiered supports that help every student thrive. Her commitment, collaboration, and care make a tangible difference every day. Thank you, ██████ for your leadership, heart, and unwavering dedication to our mission!

Shout out to **Gavin D.** for presenting our Flex Academy Update!

CELEBRATING BOY DIAGNOSTIC RESULTS

This incredible growth reflects our students' hard work, our teachers' dedication, and our families' partnership in learning.

One of Virtual's key focuses this year is **collaboration and CAASPP preparation**, ensuring that every student continues to **grow and achieve at their highest potential**.

Virtual Eagles are moving forward with purpose!

STUDENT SPOTLIGHT: LANDYN J.

We are beyond proud of **Landyn Michael J.** for his remarkable growth and determination this year. Earlier in the year, Landyn faced some big challenges in his classes, but he made the choice to turn things around. **Through consistent effort, daily commitment, and a positive attitude, he began showing up to study hall, completing his work, and steadily improving his grades.**

Today, Landyn is passing nearly all of his classes and is only a few points away from being completely caught up.

His dedication and perseverance show what can happen when you believe in yourself and refuse to give up.

Shout out to **Alexander J.** for presenting our Virtual Academy Update!

ACADEMIC INNOVATION & ATHLETICS

ENGAGING COMMUNITY & FACILITATING INNOVATIVE LEARNING EXPERIENCES

PROJECT- BASED LEARNING TAKES OFF

In Ms. DeMedicis's newly developed Earth & Beyond course, the topics of Earth and space science are transformed into an experience of exploration and discovery.

Every unit centers on a project that challenges students to **think like scientists** by collecting data, analyzing patterns, and communicating their findings through authentic products. Whether reconstructing Earth's history or assessing tectonic risk, **students learn by doing**, connecting classroom concepts to the dynamic systems that shape our world and beyond.

As one of her semester one projects, **Angellena C. put together a beautiful Rock and Mineral Field Guide!**

ATHLETIC COMMUNITY VIRTUAL & IN-PERSON

Our Peak Performance team is **connecting with more students on a regular basis than ever before!**

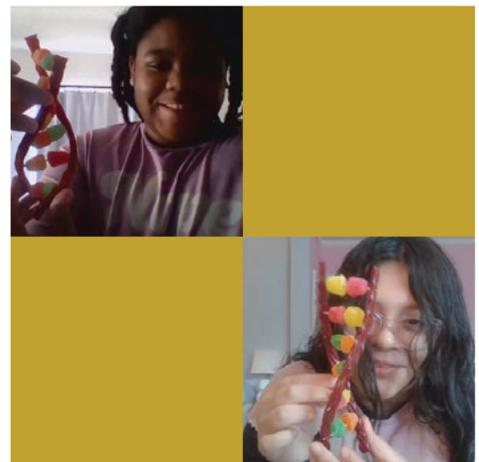

In addition to Coach McCormick's Elite Athletics Club, Ms. Baker's Huddle, and Coach Andy's 5-7-9 Club, Coach Fenton has **introduced virtual spaces for our elementary students** through Flex Academy PE sessions and Eagle All-Stars monthly meetings.

This past month, students of all ages also had the chance to **play flag football at both of our back to school park days!** A great time was had by all!

ACTIVE ENGAGEMENT & LEARNING IN LIVE SESSIONS

In Science 8 with Ms. Sawelenko, students showed their learning of DNA by **creating candy DNA models**. They explored DNA's double helix shape, base-pairing rules (A-T and C-G), and how DNA carries the code for traits. Most of all, they **experienced the joy of hands-on science learning together!**

CAREER TECHNICAL EDUCATION

COLLEGE AND CAREER READINESS THROUGH LANGUAGE

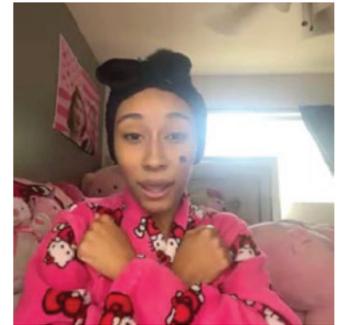

BUILDING EMPATHY & CONNECTION

ASL students continue to demonstrate how language learning builds more than communication—it builds character. Through interactive lessons and peer practice, students are learning to truly listen, observe, and communicate with intention. These experiences foster empathy, patience, and perspective-taking—traits essential to leadership, teamwork, and human connection.

LANGUAGE FOR LIFE

Students in the American Sign Language (ASL) Pathway are actively developing communication skills that are both academically rigorous and highly relevant in today's workforce. This semester, students have been strengthening their linguistic fluency while exploring Deaf culture and diversity—key components of inclusive workplaces. ASL coursework also fulfills UC A–G “E” (Language Other Than English) requirements, positioning students for postsecondary success in fields such as education, healthcare, and human services.

THE BILITERACY ADVANTAGE

Students who complete four years of ASL may qualify for the California State Seal of Biliteracy, a distinction that honors proficiency in two or more languages. This recognition not only enhances college applications but also signals to employers that students possess advanced communication skills, cultural awareness, and persistence in achieving long-term goals. Earning the Seal demonstrates a student's commitment to mastering complex communication, valuing linguistic diversity, and engaging with communities through respect and understanding—skills that hold lasting impact in both academic and professional settings.

IT'S DIGITAL CITIZENSHIP WEEK

It is Digital Citizenship Week in California! Students and educators across the state will explore five core competencies: **Balanced, Informed, Inclusive, Engaged, and Alert.** Brett Shapiro, our Associate Director of Immersive Technology, shared information and resources with staff from Common Sense Education and the CDE. It's a great reminder to **practice responsible and empowered tech use** every day.

MAKING COURSE WRITING PROGRESS

With dozens of new courses in development, Elite is streamlining how we track progress and support educators leading this work. **The writing process is data-informed to address skill gaps and build on successes.** Each course receives feedback to ensure it meets standards for quality, accessibility, and student impact. This intentional approach creates learning experiences that are rigorous, relevant, and responsive to student needs.

CANVAS TRAINING FOR COURSE CREATION

This month, 20 members of the Elite team gathered for an in-person Canvas training focused on course design, clarity, and efficiency. The session featured CidiLabs tools and shared templates to enhance course creation and improve the student and family experience.

Shoutouts to [REDACTED] Gregus and [REDACTED] DeMedicis for designing new templates for pages, assignments, quizzes, and help resources. Their collaboration ensures Elite courses remain consistent, high-quality, and accessible.

Special thanks to [REDACTED] Steele, [REDACTED] Spencer, [REDACTED] Heredia, and new board member Marie Perotti for joining and supporting this work. Together, we're making real progress toward streamlined, student-centered learning across all academies.

SPECIAL EDUCATION & COUNSELING

School Counseling

Supporting the Whole Child: Academics, Career, & Social Emotional Learning

Juniors & Seniors had a blast at our **Beach Bonfire** hosted by Ms. Yazdani! They played **games**, roasted **s'mores** and made new **connections** at Huntington Beach!

The Counseling Department hosted a **UCLA campus tour** on October 24th! Students and their families explored the beautiful campus, got a firsthand look at student life and learned about the resources and opportunities UCLA has to offer.

Counselor Corner Meet Ms. Yazdani!

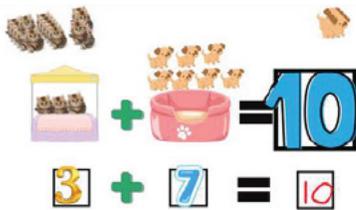

Ms. Yazdani is an expert in all things college and career; she brings unparalleled knowledge and a kind approach to every student interaction. She frequently hosts popular workshops for our students and families to help them navigate the complexities of college applications, financial aid and more! She also hosted our recent Junior/Senior Bonfire to help our students make new friends!

SPECIAL EDUCATION

HONORING THE **PAST**. IMPACTING THE **PRESENT**. SHAPING THE **FUTURE**.

The **Special Education Department** has been demonstrating a continued commitment to student success and compliance. Since the start of the school year, the team has conducted **65 30-Day IEP meetings** and **43 Annual/Triennial IEP meetings**, ensuring that all students are receiving appropriate services and supports aligned with their individual needs.

In addition to these meetings, service providers have been intentionally incorporating **student interests and real-world contexts** into instruction to **increase engagement and promote meaningful learning experiences**. By connecting academic and functional skills to each students' areas of interest, providers are fostering greater motivation, participation, and progress toward independence.

ASSESSMENT DATA & MTSS

DRIVING STUDENT SUCCESS THROUGH INTENTIONAL, DATA INFORMED ACTION

MTSS

Current MTSS Data

- Virtual Academy: 29 Tier 3 students
- Flex Academy: 18 Tier 3 students
- Homeschool Academy: 6 Tier 3 students
- SST Progress: 21 out of 26 students with SSTs are showing significant progress and consistent engagement in their coursework

Reflecting on Our New MTSS Process

Flex Academy:

- With more hands on deck, the team has prevented many SSTs through early intervention. Clear documentation and transparency in the Success Logs have strengthened communication. After an initial adjustment period, the system is running smoothly and continues to grow.

Virtual Academy:

- The process has improved with teachers documenting directly in the bubbles and using a unified Monday board, promoting strong cross-department collaboration. Next steps include increasing the amount and frequency of documentation to continue strengthening the system.

Homeschool Academy:

- The new Monday board is enhancing transparency and documentation. Automations have streamlined communication, lightened the load for teachers, and led to more consistent tracking and success within our tiered supports.

ASSESSMENT DEPARTMENT

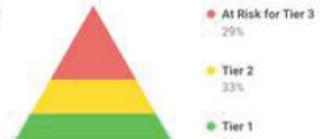

- **Reading (1,982 students assessed):** 49% at grade level, 26% one grade below, 24% two or more grades below.
- **Math (1,883 students assessed):** 38% at grade level, 33% one grade below, 29% two or more grades below

The focus this year continues to be on bubble students. The projections show we are on the path to see increased overall math and ELA proficiency. With improved Tier 1 and Tier 2 support, we are optimistic this will occur.

ELITE SOAR

SOAR RAFFLED OFF SOAR STORYTELLER BOOKS AT ELITE PARK DAYS LUCKY WINNERS TOOK HOME STUDENT-AUTHORED ADVENTURES!

CONNECTING THROUGH LITERATURE

Jacob, a ninth grader in SOAR English 9: Advanced Honors, continues to impress with his ability to analyze complex texts and make powerful real-world connections. Through novels like Fahrenheit 451 and The Color Purple, he demonstrates both strong analytical skills and deep personal reflection.

In response to a journal prompt inspired by The Color Purple, he wrote:

"When you compare the skies and amount of plants in El Salvador to the U.S., you see the U.S. as dull... Seeing the way people lived really showed how privileged I am as well."

His insight captures how literature can expand perspectives and connect us across cultures and experiences. Jacob truly embodies what it means to be a curious, thoughtful, and engaged SOAR Learner.

HONORS SCHOLARS LEADING THE WAY

Hadley stands out as a true leader in SOAR's Humanities and Virtual Enterprise Junior Ventures Advanced Honors courses. She consistently produces exceptional work that goes above and beyond expectations, demonstrating a level of writing and analytical skill well beyond her grade level.

What truly makes her shine is how she brings that same excellence beyond the classroom. She's an active and engaged member of the school community, balancing academic rigor, creative expression, and leadership opportunities with remarkable focus and grace.

Her curiosity, dedication, and professionalism set a powerful example for her peers, embodying exactly what it means to be a SOAR Learner

LEADERSHIP TAKES THE HELM:

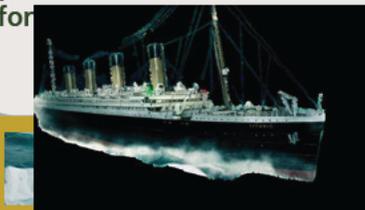

A SNEAK PEEK INTO THE MAKING OF RETHINKING THE UNSINKABLE

Elite's Leadership team joined Kris and Summer for an exclusive sneak peek of SOAR's upcoming VR Intensive, "Rethinking the Unsinkable: A STEM Analysis of the Titanic." The session gave leaders a firsthand look at how students will engage in inquiry-based, immersive learning through VR.

The experience began with a team scavenger hunt, "Compass of the Heart," where participants worked together to solve clues, gather intel from AI characters, and race to "Survive the Voyage." This friendly competition mirrored the kind of collaboration and critical thinking students experience during VR intensives.

Leaders then went behind the scenes to learn how a VR lesson is built, from embedding video screens for background knowledge to designing AI characters in Engage and structuring interactive learning spaces. The activity highlighted how VR allows students to step away from distractions and fully immerse themselves in problem-solving and discovery.

As SOAR prepares to launch its next VR adventure on November 3rd, the leadership team has gained a deeper appreciation for how this innovative approach blends STEM learning, inquiry, and engagement to create unforgettable experiences for students.

OPERATIONS HUMAN RESOURCES & BUSINESS DEPT

THE OPERATIONS TEAM HAS OFFICIALLY BEGUN THE NEW SCHOOL YEAR'S CYCLE OF STATE REPORTING.

OPERATIONS

The Operations Team has officially begun the new school year's cycle of state reporting. CBEDS has been successfully submitted and certified, which includes critical information on classified staff, our kindergarten program, and future staffing projections.

Next on the reporting calendar are the Immunization Reports (due early December), P1 Attendance (due mid-December), and CALPADS Fall 1 (due mid-December).

We are currently in the final push to have families complete their Back to School Packets, which include the Household Collection Forms used for state reporting and funding purposes. Finally, we continue to enroll new families, as all of our academies still have available spaces.

HUMAN RESOURCES

The HR team is actively preparing for the upcoming staff benefit open enrollment period, ensuring a smooth and informed experience for all employees. The team is reviewing plan updates, coordinating with benefit providers, and finalizing communication materials that clearly outline coverage options, eligibility, and key deadlines. To help staff make confident choices, the team is organizing virtual info sessions to address any questions. The goal is to foster transparency, accessibility, and personalized support throughout the process—empowering every employee to select benefits that best meet their needs.

BUSINESS DEPARTMENT

The Finance Team's primary focus over the last month has been completing the annual, independent audit. To date, 209 sampling requests and diagnostic tests have been completed/submitted, representing 100's of hours of collaborative work across every department of Elite. This process will likely reach its conclusion in the next few weeks, with the board review occurring in early December and a final product due date of December 15th to authorizers and state authorities. Additionally, to date, Accounts Payable has received, processed and ordered 4,027 individual pieces of core curriculum or curriculum support items, all in support of Elite's significant efforts in providing effective, individualized instruction to every student.

Bridges to Leadership-PASC

1105 S Madera Ave Madera, Ca. 93638 Telephone: (559) 662-3865

 Mason _____ has been accepted as a candidate in the Bridges to Leadership (BtL) program with the Madera County Superintendent of Schools (MCSOS) to earn their Preliminary Administrative Services Credential (PASC). BtL is accredited by the California Commission on Teacher Credentialing. Over the next 18 months, the candidate will complete coursework that aligns with the California Administrative Performance Expectations (CAPE). In addition, the candidate is required to complete all three leadership cycles of the California Administrator Performance Assessments (CalAPA). The candidate also must complete 20 hours of job shadowing of current administrators.

Another requirement is that the candidate will need to choose a Fieldwork Supervisor who will provide support during the program. A Fieldwork Supervisor is a current administrator who plays a vital role in ensuring the success of the candidate. Throughout the program, assignments require the candidate to meet and discuss various leadership topics with their Fieldwork Supervisor.

A school/district can choose to support the candidate in some of the following ways.

1. Assistance in identifying a Fieldwork Supervisor that meets the following criteria:
 - Possesses a Clear Administrative Service Credential
 - Has completed at least 3 years of experience as a site administrator
 - Is currently in an administrative position
2. Provide candidate with release time to complete job shadowing during the school day
3. Ensure candidate has access to data and resources needed to complete assignments and the CalAPA

This Memorandum of Understanding aims to ensure that your organization is aware that your employee is enrolled in our program. We hope your school/district will be able to provide ongoing support to the candidate.

Please do not hesitate to contact us if you have any questions.

Thank you,

The Bridges to Leadership Team

3.1 Student Teaching, Field Experience/Fieldwork, Internship, and/or Practicum. Institution shall provide University Candidates with Student Teaching, Field Experience/Fieldwork, Internship, and/or Practicum, as applicable, in schools and classes of the Institution under the direct supervision and instruction of a qualified SSP. University and Institution from time to time shall agree as to the number of Candidates assigned to the Institution for Student Teaching, Field Experience/Fieldwork, Internship, and/or Practicum.

3.2 Institution Determination. Institution at its sole discretion may refuse to accept, or may terminate, any Candidate assigned to the Institution for Student Teaching, Field Experience/Fieldwork, Internship, and/or Practicum based upon its good faith determination that the Candidate is not performing to the standards of the Institution. Upon written notification by Institution, University shall promptly terminate the Candidate’s assignment to Institution.

3.3 University Determination. University shall determine the number of units of Student Teaching, Field Experience/Fieldwork, Internship, and/or Practicum each Candidate shall receive. Candidates shall be able to be eligible, subject to University and Institution’s mutual determination, for more than one (1) Student Teaching, Field Experience/Fieldwork, Internship, and/or Practicum assignment at Institution.

3.4 Institution SSP Honorarium. As set forth within Exhibit A, attached hereto and incorporated herein by this reference, University shall provide the Institution SSP with an honorarium for supervision of Candidates in specific Student Teaching, Field Experience/Fieldwork, and/or Practicum assignments at the completion of each semester or quarter, based on the number of units earned by the Candidate or by an otherwise predetermined amount set by University. Supervision of Candidates in Internship assignments is not eligible for honorarium. Institution’s SSP must submit an Honorarium Form and W-9 through the University’s Credentials Payment Portal website at <https://www.nucredentials.net/> in order to receive the honorarium for which they are eligible. Institution has the sole and exclusive obligation to make Institution’s SSPs aware of these terms and

conditions related to said honorarium. Notwithstanding, in no event shall the total honorarium amount for supervision per Candidate exceed six hundred dollars (\$600.00). University will provide the stipend directly to the Institution's SSP unless the Institution elects for payment to be facilitated through the Institution's payroll through an amendment to this Agreement. Institution acknowledges and shall make Institution SSPs aware that honorariums issued are dependent upon the length of supervision provided for each Candidate, and incomplete assignments are assessed on a pro-rated basis to the nearest completed quarter or semester unit, as reflected in Exhibit A. Institution SSP(s) are employees of Institution, and in no event shall Institution SSP(s) be considered employees of the University under this Agreement.

3.5 Insurance.
